Water Treatment Facility

On Sunday, August 28, 2011 Tropical Storm Irene struck Vermont causing wide-spread devastation, including the destruction of the City's water supply intake capabilities along with the emergency water inlet. Due to the heroic efforts of Departmental staff with critical assistance from others, we have recovered from those losses. These facilities have been rebuilt stronger and more resilient than before.

However, there was a loss from which there can be no recovery.

At the height of the flooding, 30 year DPW veteran Water Treatment Manager Michael J. Garofano and his son, Michael G. Garofano tragically lost their lives while defending these facilities from the fury of that storm.

Message from Mayor Christopher C. Louras

For the City of Rutland, Fiscal Year 2012 was one marked by the seemingly competing themes of tragedy, resiliency, and progress. While much time and energy was spent on our collective response to and recovery from Tropical Storm Irene, with many important decisions being a direct result of that unprecedented storm event, the City also continued to see success in the planning and implementation of infrastructure improvements, and policies that resulted in services and savings to the taxpayer.

On August 28th, Irene unleashed its wrath on Vermont. The City of Rutland felt the devastation like no other community; we lost two native sons who tragically gave their lives in the line of duty to the City. Water Treatment Plant Chief Operator Michael J. Garofano and his adult son, Michael G. Garofano, were surveying the destruction brought by the storm when they were both taken from their family and the community. The tragedy of their loss validated what many of us already understood, that in times of crisis our public works employees perform the role of emergency service provider that is every bit as critical as our dedicated fire and police first responders.

As the City came to grips with the severity and extent of the storm damage both in our neighborhoods and at the water reservoir, each of our employees responded professionally, tirelessly, and selflessly. As police patrolled the streets providing the needed sense of security, both they and firemen worked hand in hand with National Guard members to first evacuate our low-lying neighborhoods, and then supported our public works and recreation employees during the stabilization, and cleanup and recovery phases. In addition to Irene's destruction directly impacting over 70 dwellings of our neighbors, we found that the reservoir's primary and emergency water inlets were destroyed with resulting public property damage being first estimated \$1m-\$1.5 million, with the potential local share being as much as \$187,000. Until actual costs were determined, along with assurances from FEMA regarding levels of federal assistance, we were put in the position of reducing City spending (to avoid any potential deficit) through a policy of freezing new funded hires and delaying planned infrastructure improvements. As the year progressed, we gained clarity that the City's storm exposure was minimal, and we were able to make the needed community investments that had been previously budgeted and approved by the residents.

Beyond Tropical Storm Irene, Rutland City continued to see great progress in our long-term plans for road, bridge, and water system improvements. Over 3.5 miles of road reconstruction and paving was complete, as well as the engineering and design work for subsequently completed bridge work on West and North Street; and several water main projects, including the 1858 line on Woodstock Avenue. Federal hazard mitigation funds were identified and accessed to more robustly rebuild our reservoir infrastructure in order to avoid damage in future storm events, and we worked with Mount St. Joseph to restore its soccer fields they graciously allow us to use. And, working collaboratively with the now properly funded Rutland Redevelopment Authority, we have initiated a long-term plan for neighborhood stabilization and blight remediation, with the primary focus being the vital enhancement of public safety/quality of life.

A critical component of the City's public safety/quality of life strategy is the refocusing of the police department mission, and while we did bid outgoing Chief Tony Bossi farewell and thanked him for his 35 years of selfless service to the community, we also welcomed aboard new Police Chief James Baker. One year after residents voted by a nearly 2-1 margin to retain our Police Commission form of oversight, Chairman Larry Jensen was successful in convincing then retired State Police Colonel Baker to accept the mission of implementing the public safety strategy for which he was uniquely suited to accomplish.

Fiscal Year 2012 also saw Rutland come to terms with the merger of CVPS and Green Mountain Power. While there was some initial skepticism about the potential benefits to the City, we were able to negotiate a very favorable agreement with GMP that positions the region to see minimal job loss and recognize significant investments, both real and intangible related to economic and workforce development, that will have a positive impact for decades to come, specifically within the rapidly expanding energy innovation sector. Internally, the City met head on ever increasing fixed employee costs and enjoyed the benefits of the move to a high deductible health plan, saving the taxpayers \$500,000 over two years, and through workplace safety and return to work initiatives, recognized a 40% reduction in workers compensation costs.

I would like to thank all Rutland City employees for their perseverance and contributions to the community during this trying past year, and thank the public for their ongoing patience and support as we collectively meet our challenges and strive for success as we progress toward our promising future.

Emergency Management

Tropical Storm Irene - Emergency Management Director's Report

The following information is a summary of the response by the City of Rutland to Tropical Storm Irene. The summary outlines what the City of Rutland, through its Emergency Management Plan, did to prepare for, respond to, and assist in recovering from Tropical Storm Irene. This was the most severe natural disaster to hit our community in decades.

The preparation started with the creation of the Rutland City Basic Emergency Operations Plan, long before Tropical Storm Irene. This plan outlines how the City responds to emergencies, both natural and manmade. It outlines the duties of each City Official and Department and provides a framework for managing the initial response to any type of emergency situation. Tropical Storm Irene tested this plan. Many things went well and after a thorough, candid evaluation some changes have been made for the future.

About one week before Irene hit Rutland, Mayor Louras met with department heads and discussions began on preparation for and response to this storm if it was going to impact Rutland. City Departments were asked to re-check the readiness of all equipment and city personnel were advised that they were subject to emergency recall. Every vehicle, pump, chainsaw, and generator was tested and inspected. All vehicles were fueled and checked again before the onset of the storm Sunday, August 28, 2011.

As confidence increased in the track of the storm, final preparations were made and contact was made with the American Red Cross to determine the location for a shelter if it was needed. Discussions were held to determine possible areas that may need evacuation in a flood situation and what would trigger the evacuation order. Initial forecasts indicated both a wind and heavy rain event. The major forecast impacts were wind damage, loss of electrical power and possible flooding. Storm drains were cleared and other advance preparations were made.

The rain started to fall late morning on August 28, 2011. During the late morning and early afternoon the levels of Otter Creek, East Creek, Moon Brook and other smaller streams were monitored. Downtown was also being monitored for possible flooding. Early in the afternoon the Fire Department received a number of calls about water in basements. Then a call was received from Wheelerville Road in Mendon about a vehicle being stranded on a bridge. Shortly after that call was received US Route 4 near Medway Road in Mendon was undermined and became impassable.

At about this time, a team from the Fire Department responded to the Rutland City Water Treatment Facility to look for Michael J. and Michael G. Garafano who had been reported missing while checking the Rutland City Water Treatment plant. The search continued for many hours that afternoon and into the night and then for days after. Members of the Fire Department, Department of Public Works and many others searched for and ultimately recovered our missing hero's. This was a terrible loss to our community and the dedication of Michael J. and Michael G. Garafano in protecting our water supply will never be forgotten.

As the afternoon progressed additional calls for assistance were received and it was noted that East Creek was rising rapidly. Clover Street residents had already been asked to evacuate and resources were sent to the area of Water St., Earle St., Baxter St., and Cleveland Ave., shortly after, flooding was also reported in the Meadow Street area. People were asked to leave their homes quickly as the water rose rapidly. The City emergency forces were supplemented by members and vehicles from the Vermont National Guard as the area was evacuated. The waters of East Creek rose to a level where even the National Guard Vehicles began to float. Later we would learn that East Creek and Otter Creek had record flood crests. The Rutland City Emergency Operations Center was opened at the Rutland Police Station as a focal point for coordination of response efforts and resources.

Marble Valley Regional Transit "The Bus" was deployed to provide transportation of evacuees to the Red Cross Shelter located at the Rutland High School. The shelter served several hundred evacuees over the next few days. Additionally, Rutland Regional Medical Center opened as a temporary shelter to serve the needs of vulnerable populations for whom the High School shelter proved untenable.

In the ensuing hours there were other evacuations. Early in the evening a call for assistance was received at the Emergency Operation Center indicating two National Guard vehicles were trapped by flood waters in the area of the College of St. Joseph and their occupants were endangered by the rising flood waters. The Rutland Fire Department was dispatched with a boat and these people were rescued and brought to safety by the responding members of the department. At nearly the same time a request for mutual aid assistance was received from the Wallingford Fire Department to assist with the rescue of two people in a vehicle in danger of being swept away by the waters of Otter Creek. Members of the Rutland Fire Department responded with the boat and assisted with the rescue of two people.

During this phase of the storm many heroic actions took place at great risk to first responders and others who assisted them in the evacuations and rescues related to the storm. It would be nearly impossible to list them all and adequately recognize those who helped. It should be noted that with the exception of the tragic loss of the Garafanos there were no major injuries or loss of life to first responders or the public. The areas severely impacted were patrolled by the Police Department to help maintain security of the homes and businesses.

The rain stopped in the late evening and the process of evaluating damage, gathering resources to assist those impacted and beginning the clean-up process were started. It quickly became evident that magnitude of the damage was severe. The intake for the Rutland City Water system had been destroyed. There was significant flood damage to homes and businesses in the areas of Clover Street, Earl Street, Water Street, Cleveland Avenue, Baxter Street and Meadow Street and other scattered flood damage in other areas of the City. Homes were damaged, basements were full of water and mud, some oil tanks had been upset and were leaking. Streets were covered in mud and silt. The Monsignor Connor Park was buried in mud and silt.

In the days immediately following the storm teams of firefighters, DPW employees and others worked with State and Federal Officials and Central Vermont Public Service and other utilities to evaluate damage, restore power when it was safe to do so and begin coordinating the clean up. Mayor Louras and the Department of Public Works began the task of restoring the water intake system. Fortunately the Rutland City water system has a reservoir of sufficient capacity to serve the needs of the system users for several weeks. Water conservation measures were implemented as it was unknown how long the intake would be out of service. There is also a back up pump system that takes water from East Creek however the intake on this system was also damaged by the storm.

In the weeks to follow the Rutland City Department of Public Works and private contractors and the Fire Department worked together to restore the water supply. National Guard units not only responded during the early phase of the storm but were working with City, State and Local Personnel and Contractors to restore infrastructure including water, sewer and roads and bridges.

During this phase of the response a citizen suffered a cardiac arrest in the area of flood damage and members of the Rutland Fire Department working in the area administered CPR and additional aid until Regional Ambulance arrived and transported the individual who survived. Many volunteer groups provided many types of assistance, they included organized efforts such as Restoring Rutland that collected aid materials and distributed them throughout the area. Various volunteer

Emergency Management

groups too numerous to name brought materials and volunteers to help people clean up and recover. The Red Cross and Salvation Army handled sheltering and feeding displaced people.

The entire community and people from beyond the community came together to help and in the true Vermont spirit made strong efforts to begin the return to normal.

One notable example of this volunteer spirit was the fact that over 400 Castleton State College students, faculty and staff came to the City for an afternoon of service in the flooded area. This army of volunteers was a sight to behold as they organized and then went out to help people. The City of Rutland thanks all who participated in helping during these trying times.

In the days, weeks and months that followed Irene, the scars from the storm began to heal, the community began to return to some form of normalcy, and the documentation process began as the City worked with FEMA and other agencies to help blunt the financial impact of this storm on the City and its residents. It is a long process but worth the effort as we continue to heal. We will take the lessons learned during Irene and make our plan even better always working to make Rutland a stronger more disaster resistant and prepared community.

As Emergency Management Director, I would again like to thank all employees of the City of Rutland and our elected leaders for their work during this disaster. Also thank you, to the National Guard units from Vermont and around the country who came to our aid. Thank you, to the State and Federal Agencies who assisted in many ways. Thank you to all volunteer groups who came forward to help in our time of need and thank you to the many individuals for their acts of kindness and assistance to those in need.

Respectfully Submitted,

Robert Schlachter
Emergency Management Director

City Assessor's Office
Barry J. Keefe, City Assessor
To the Citizens of the City of Rutland:

I am pleased to submit the annual report of the Assessor's Office for the fiscal year ending June 30, 2012.

The final Grand List at April 1, 2012 totaled \$ 1,010,508,070 which reflects a net increase from April 1, 2011 of \$7,365,738. The increase in the real estate was \$4,399,800 while the Business Personal Property was \$2,965,538. The Common Level of Appraisal (CLA) for 2011 improved from 84.10% to 87.25% and the Coefficient of Dispersion (COD) improved from 18.03% to 17.61%. As of this writing, all indications are continued improvement in the CLA for 2012 which will come from the State in January 2013.

These statistical studies done by this office in cooperation with the Division of Property Valuation and Review have produced anticipated results given the economy. There are fewer sales being recorded and valid sale prices are more in line with the listed value.

The Zero sort facility of Casella Waste Management will have a positive impact for years to come as well as the new Community College of Vermont. This coming year we will be adding the new Heritage Family Credit Union, the Armory with added jobs, the Watkins School property and Phase II of the Hickory Street project. The VA Outpatient clinic on West Street will be added to the grand List as well. In the midst of a poor National economy, Rutland is doing alright. Brennan Duffy Executive Director of the Rutland Redevelopment Authority has set up shop right next door to the Mayor's office and has been a real positive in bringing new investment to the City. He has also shepherded the Blighted property ordinances along and put in place Stabilization criteria that the Board of Aldermen can use to attract business. It has helped me in my job by getting non productive properties back and adding positively. Solar Energy projects are being promoted on lands of formally non-performing assets.

I would like to thank The Mayor, City Attorney, Department Heads and staff for really working well together to improve the services provided. The Board of Aldermen has been not only positive and supportive but they have been proactive in getting legislation done that has been a big help to the Grand List. The level of citizen involvement has ticked up in recent years and it is bearing fruit. The Creative Economy, the Farmers Market the Garden Club, the Library, the Historical Society, the Paramount and Peg TV as well as a host of other organizations have pitched in and helped make The City of Rutland a desirable place to live. That helps the real estate market.

Thanks to my Secretary, Marlies Washburn for her caring spirit.

Building Inspector and Zoning Administrator

Report of the Building & Zoning Department

James P. Simonds – Building Inspector/Zoning Administrator

Annual Report-July 1, 2011-June 30, 2012

Certificates of Occupancy Issued:	1,032
Building Permits Issued:	142
New Commercial Construction	\$ 1,314,000
Commercial Renovations	\$ 8,503,320
New Residential Construction	\$ 199,700
Residential Renovations	\$ 949,655
Total Building Permit Fees Collected	\$ 13,494
Other Fees Collected:	
35 Sign Permits	\$ 1,550
17 Development Review Hearings	\$ 2,200

Report of the Development Review Board

Stephanie A. Lorentz, Chairperson

To the Honorable Board of Aldermen and the Citizens of the City of Rutland:

The Development Review Board is pleased to submit the annual report for fiscal year ending 2012. Board members are Stephanie A. Lorentz, Chairperson, Michael Brookman, Al Paul, Jim Pell, Jeffrey Wennberg and Alternate, Steve Wilk. We held 17 public hearings during fiscal year 2012. Hearings are scheduled on the 1st and 3rd Wednesdays of each month and are held in Aldermanic Chambers. The hearings are warned in accordance with State law. The Board's responsibilities include hearing zoning appeals, variances, conditional uses, site plan reviews, design control district reviews and subdivisions.

The Board wishes to thank the residents of the City of Rutland for their active participation in the public hearing process, Jim Simonds, Zoning Administrator, Carol Wagner, Clerk for the Development Review Board and the Mayor for their continued support of our efforts.

REPORT OF THE CEMETERY COMMISSION
Chris Book and Tom Giffin Cemetery Commissioners

To the Mayor of Rutland, Honorable Board of Aldermen and the Citizens of the City of Rutland: Rutland is responsible for the care and on-going maintenance of the following city cemeteries; West Street Cemetery, Old Congregational Cemetery on North Main Street, Old Reformatory Cemetery located behind Northwest School and the Poor Farm Cemetery located at the transfer station off Gleason Road. The keys to the gates of West Street and Old Congregational are available at City Hall or from the cemetery commissioners upon request.

The Vermont Department of Correction work crews continue to provide mowing and some maintenance for Rutland's old burial grounds. The DOC work crew, led by Edward Cole, mowed Rutland's cemeteries 13 times and provided over 1440 man hours of work in Rutland's old burial grounds. In addition to the regular mowing, the crews did tree, brush, leaf removal and some monument work. The cost to the city was \$3,000.

A new fence was installed in the summer of 2012 at the Poor Farm Cemetery and the commissioners are in the process of moving the granite memorial monument from the present site to be placed near the informational kiosk inside the fence. This has been an ongoing project and the commissioners wish to acknowledge RCSWD District Manager, James O'Gorman, for his assistance in reclaiming the cemetery at the transfer station and Clifford Giffin for his tenacity to ensure that this historic site was preserved.

The Ann Story Chapter of the Daughters of the American Revolution continues to place the flags on the veteran graves before Memorial Day. If anyone is interested in volunteering to help with placing flags, please contact the cemetery commissioners.

Rutland is fortunate to have volunteers willing to help in maintaining the city's old burial grounds. This year the MSJ football team and their coaches spent an afternoon at the West Street Cemetery removing brush and debris from the grounds. Thanks to head coach Jeff Cassarino and his athletes for volunteering. In addition, the Rutland Middle School Enriched Studies Program students, spent two days in the city's cemeteries cutting brush, assisting in replacing a monument for a Revolutionary War soldier and straightening stones. Thanks to RMS Social Studies teachers Ted Lindgren and David Cornwell for including this cemetery volunteer work in their educational unit. Both schools are planning on returning to Rutland's cemeteries next year to continue to assist in restoring these historic cemeteries. The commissioners and other volunteers who were working with these young people were impressed with the willingness and sense of pride they showed in the work they were doing for Rutland's burial grounds. The city should be proud of their efforts. If anyone and/or group is interested in volunteering at one of Rutland's cemeteries, please contact the cemetery commissioners.

The cemeteries in the city have had issues for many generations. In the January 24, 1924 edition of the Rutland Herald, it was reported that the board of aldermen voted to keep "the gate locked at all times in the future to prevent further destruction of headstones" at the West Street Cemetery. Most Vermont cities/towns do not lock their cemetery entrances.

Rutland's old burial grounds are still in the long and tedious process of being restored. The old marble stones tell much of the history of our city. Veterans from all the colonial wars and many of the original settlers of Rutland are buried in the city's cemeteries. The commissioners encourage city residents or anyone interested in the history of Rutland, to help in the restoration effort of the Rutland's historic burial grounds. Donations can be sent to the Rutland Historical Society Attn: Cemetery Account, 96 Center Street, Rutland, Vermont 05701

City Clerk's Office

Office of the City Clerk

Henry A. Heck, City Clerk

To the Citizens of the City of Rutland:

I respectfully submit the following Annual Report for the Rutland City Clerk's office for the year ending June 30th, 2012

Fiscal Year 2011-2012. I'm happy to report we have just finished our second year with COTT Systems and will be utilizing their software for future land record recordings. My office has started a much needed digital scanning of past records for the Board of Aldermen Minutes as well as Elections and Tax Appeals. The historical preservation of these records as well as others has been neglected for decades, and with no backup, loss of these records would result in irreplaceable history. We now accept credit and debit cards, and you can order certified vital records from the internet. I want to thank Susan Clark (Deputy Clerk), Patty Carbine (1st Assistant), and Sara Magro (Purchasing Agent, Assistant Clerk) for all their support. I would like to thank Mayor Louras and the Rutland City Board of Aldermen for their confidence in me to perform the duties of City Clerk. I look forward to serving the citizens of Rutland City.

Henry A. Heck
Rutland City Clerk

Reported Revenue from the Clerk's Office for Fiscal Year 2011-2012

Total \$ 179,261.82

Vital Records (copies & vault time):

All certified copies of Birth certificates, Deaths certificates, Civil Marriage licenses are available for \$10.00 per copy as set by the State of Vermont. Uncertified copies are available for \$2.00/copy.

Vault time is charged at \$2.00/hour.

Vital records recorded in Fiscal Year 2011-2012:

Births.....	488
Deaths.....	460
Civil Marriages.....	132

Land Records:

1827 visitors used our vault. All land records are available for \$1.00/page for each copy. Certified land records are \$10.00/page and vault time is charged at \$2.00/hour.

Recording Fees:

11,623 pages of land records were received and recorded. The cost of recording land records is \$10.00/page, as set by the State of Vermont. The 11,623 pages comprised 3,088 documents filed in our office.

DMV Registration Renewals:

102 DMV renewal registrations were processed. There is a \$3.00 cash fee to process your renewal.

Business Licenses:

The following business licenses were issued. Business Licenses are valid from May 1st until April 30th of each year:

Restaurant & Victual Establishments.....	102
Bowling Alley.....	1
Theatres.....	3
Hotels, Motels & Inns.....	8
Circuses, Carnivals, Shows & Fairs.....	14
1 st Class Liquor Club/Cabaret License.....	14
1 st Class Liquor Restaurant License.....	40
2 nd Class Liquor License.....	34
Outside Consumption Liquor Permits.....	21
Entertainment Club Permits.....	14
Tobacco Licenses.....	34

Dog Licenses Issued:

992 dogs were registered. Of that, 908 were spayed/neutered. Dogs must be registered by April 1st of each year and a current rabies certificate is required. After April 1st, late charges apply.

License fees are as follows:

Spayed/neutered fee before April 1st \$13.00; After April 1st \$16.00

Un-spayed/un-neutered fee before April 1st; \$17.00; After April 1st \$22.00

The city's revenue portion is \$10.00 per license.

For those of you who are unable to come down to the City Clerk's Office to register your dog(s), mail us the postcard we send you along with a current rabies certificate and proper payment. Once we receive and process this information, we will mail your dog license and tag. We hope this will make it easier for those who are unable to come in to register their dog(s).

Changing your voting address or registering to vote:

If you are registered to vote in Rutland City and have moved to a new address within the City you may change your voting address over the phone by calling our office at 773-1800 and press 5.

If you have moved to Rutland City from another town or state you can stop by our office up to 10 days before any election and register to vote. It only takes a few minutes to register.

We here in the Clerk's Office look forward to serving the citizens of Rutland City. We also recognize the challenges ahead of us and look forward to meeting them. Please remember that our web site www.rutlandcity.com contains valuable information on all City departments, Charter and Ordinances, Minutes of the Board of Aldermen and general information on the City of Rutland. Again we look forward to serving your needs in the upcoming year.

Respectfully Submitted,

Henry A. Heck
Rutland City Clerk

Rutland Redevelopment Authority (RRA)

RUTLAND REDEVELOPMENT AUTHORITY (RRA)

Brennan Duffy, Executive Director

Formed by Charter in 1989 the Rutland Redevelopment Authority (RRA) has historically served as Rutland City's economic development entity. Under the Charter the RRA was established to reduce the property tax burden on residential homeowners, redevelop dilapidated and blighted structures, revitalize the commercial and industrial sectors of the economy, and promote economic opportunity for all citizens.

The RRA has recently emerged from a period of planning and re-organization and has been directed to specifically focus on the following five areas. 1) Grant Administration: The RRA will serve as the primary grant administrative agent for the City. 2) Blighted Property: The RRA will focus significant effort and resources to redevelop vacant and dilapidated structures. 3) Grand List and Job Development: The RRA will work to increase or improve the quality of the grand list and increase jobs. 4) Downtown Designation: The RRA will ensure that the City maintains its State granted designation. 5) Planning: The RRA will perform planning duties in coordination with other City entities and represent the City and its interests in related planning initiatives.

In September, 2011 a new Executive Director was hired to lead the organization which also consists of a Grant Administrator, and a nine member Board of Commissioners.

An update on efforts related to each are As follows:

Grant Administration: As illustrated in the chart below the RRA has been active in applying for new grants and administering existing grants for various City projects and initiatives. The RRA will continue to seek both State and Federal grant funding sources to offset and leverage local investment in economic development initiatives and infrastructure improvements.

New/Planned Grants:

Accessibility Grant	\$12,705.00	awarded
Streetlights/sidewalks	50,000.00	awarded
Rutland Creek Path	126,000.00	awarded
RLF Blighted Properties	450,000.00	File App 2012
Engineering Study for Evelyn	20,000.00	File App 2012
Municipal Planning Grant	15,000.00	File App 2012
Rutland Creek Path	<u>300,000.00</u>	File App 2012
	<u>\$973,705.00</u>	

Existing/Open Grants:

Housing Assessment	\$13,177.00	In process
Forest Park Phase I	750,000.00	12/30/12 close
Wayfinding Signage I	25,000.00	In process
Wayfinding Signage II	25,000.00	In process
Rutland Creek Path	630,000.00	Phase I
Center Street Marketplace	<u>973,834.00</u>	In process

TOTAL **\$2,417,011.00**

Blighted Properties: The City of Rutland, like many other urban areas within Vermont, has an inventory of vacant and abandoned buildings which are serving as a blight on the community. As these vacant properties fall into abandonment and disrepair, they can become sites for illicit activity, fire hazards, safety hazards, and generally impede future investment.

There is great concern related to the negative influence these properties have on the City and the RRA has taken a lead role in the remediation strategy.

A vacant property list has been compiled identifying approximately 150 City properties. A volunteer steering committee has been convened, consisting of members of the RRA, Rutland Planning Commission, Board of Aldermen, and City officials, to aid in the creation of a formal process to deal with blighted properties and to craft an ordinance that will allow for effective compliance and enforcement. The City has commissioned a housing needs assessment which will provide updated information about the local housing market and will aid in determining how best to address blighted properties. The updated assessment is viewed as a critical step in determining the most effective means of repurposing these vacant properties in a manner which will best serve the current and future housing need of the City.

Once the assessment is completed and recommendations have been defined the RRA will begin implementing rehabilitation strategies with the collaboration of other departments of City government and local housing organizations.

Grand List and Job Development: Specific to economic development the RRA's role is to provide new or existing businesses with professional and confidential assistance related to site selection, financing, job creation incentives, workforce training, and all other factors related to their decision to invest, or to continue to re-invest, in Rutland.

To provide stakeholders better information an updated RRA web site has been developed. The new site will provide information on the City's economic development resources, opportunities, and initiatives. In an effort to stimulate investment the RRA has crafted new property tax stabilization policies for the City. One policy will be used to incent current and prospective businesses to make new financial investment in real and personal property, thus creating new jobs. A second policy will incent owners of vacant and underutilized commercial property to make improvements leading to re-use.

Downtown Designation: The State's downtown designation makes Rutland City eligible for additional state and federal funding opportunities. The RRA was instrumental in gaining the initial designation and is responsible for reapplying for this designation every 5 years. The next update is due in 2015.

Planning: The RRA is working to facilitate several exciting initiatives within the City, these include: A reconfiguration of the Evelyn Street Corridor. An enhancement to the Union Street Rail Road crossing. Redevelopment plans for the former Berwick Site. Redevelopment of vacant West Street property. Redevelopment of the West Street Armory. Site location search for Green Mountain Power's Energy Innovation Center.

Department of Public Works

Department of Public Works

Evan D. Pilachowski, P.E., Commissioner of Public Works

David R. Sears, Projects Manager

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

I hereby submit the annual report of the Department of Public Works for Fiscal Year 2011-2012. Please refer to the various Division reports for information regarding the Department's activities.

The City, through the Mayor and the Board of Aldermen has provided continued leadership in addressing our infrastructure needs. Their support of Capital Planning has led to the initiation of several necessary projects, among them the rehabilitation of West Street Bridge, the replacement of a sludge digester cover, Killington Avenue and Woodstock Avenue water line replacements and the future Library Avenue storm sewer to serve approximately 65 acres in the west-central part of the City. For the third year, the voters approved an additional \$350,000 dedicated to street paving. The Board and the citizens have recognized the importance of proactive capital planning in maintaining the infrastructure and reducing long term costs through timely investment.

It was on Sunday, August 28, 2011 that Tropical Storm Irene hit this part of Vermont. The storm caused wide-spread devastation, including the destruction of the City's water supply intake along with the emergency water inlet. Due to the heroic efforts of Departmental staff with critical assistance from others, we have recovered from those losses. These facilities have been rebuilt stronger and more resilient than before. However, there was a loss from which there can be no recovery. At the height of the flooding, 30 year DPW veteran Water Treatment Manager Michael J. Garofano and his son, Michael G. Garofano tragically lost their lives while defending the City's water facilities from the fury of the storm. Mike was modest, resourceful, honest, and he had an uncompromising work ethic. Men like the Garofanos are rare in today's world. We will strive to live up to the example they set for all of us personally and professionally. They will be missed.

I would like to thank the DPW staff, other City Departments, the Board of Aldermen and the Mayor for their cooperation and support over the past year. The Department also appreciates the continued patience and cooperation of the citizens, particularly the traveling public and business owners, during the disruptions and inconveniences foisted upon them by our activities. We appreciate everyone's understanding during these disruptions as we build a better Rutland.

Public Works will continue to serve the citizens of Rutland to the best of its ability with the resources made available.

Engineering Division

Alan J. Shelvey, P.E., L.S., City Engineer

Peter T. Kelley, Engineering Technician

The Engineering Division provides engineering and technical services for each division of this and other Departments within City government. In addition to this routine work, several projects were addressed in 2011-2012.

The Division continues working with several entities to address stormwater runoff in order to improve water quality in the City's streams and brooks. These stormwater activities have been accomplished using a combination of State and Federal grants and private donations. An alternatives study focusing on Combination Pond to improve water quality in the Moon Brook Watershed is nearly complete.

Other City and regional projects for which the Engineering Division has provided assistance and support include Irene recovery and FEMA reimbursement efforts, the Routes 4 & 7 upgrade between West St and Strong's Ave, the Curtis Ave widening project, design of water main replacements on sections of South Main St and Woodstock Ave, design of West St Bridge deck replacement, landfill post closure, CSO monitoring, a drinking water pilot study for disinfection by-products, annual city bridge and culvert inspections, various stormwater permit compliance activities and street paving projects, and numerous private sector projects within the City.

Like most old New England communities, Rutland's aging infrastructure continues to present challenges. There are tens of miles of sewer and water mains in use today that are over 100 years old, numerous bridges and culverts that will need to be replaced in the coming years, and a stormwater system that during extreme rainfall events has caused damage to public and private property and resulted in the release of untreated wastewater into waters of the state. The temporary bridge remains at Ripley Road over Otter Creek due to structural deficiencies in the original bridge built in 1928.

However, progress to address these areas of need is visible. We continue to work with VTrans to advocate for the prompt replacement of Dorr Bridge, Ripley Bridge, and Forest St Bridge. A water main replacement program has begun with work completed on Chase Ave and Chestnut Ave, sanitary and storm sewer mains have been replaced on portions of West St and Crescent St, and a bond vote was passed to supplement the Bridge Fund that will be used to address some of our greatest bridge repair and replacement needs. While these examples are encouraging, in order to avoid the most painful aspects associated with decades of deferred repairs and replacement of the City's infrastructure, it is important to continue to build upon these positive initiatives.

Forestry Division

David S. Schneider, City Forester and Arborist

Woodlands and Timber Management

Forested lands within the City's property holdings in Mendon are managed for multiple uses, with the highest priority in providing a reliable supply of clean water to the Water Treatment plant for the City's potable water supply. This is accomplished by restricting motorized public access and minimizing soil disturbances from timber management activities. The high quality of the City's watershed management over the last 100 years became clearly evident with Tropical Storm Irene, where little damage to woodlands and smaller stream tributaries occurred. Unfortunately the same cannot be said for Brewer and Mendon Brooks; both rivers sustained catastrophic damage from torrential flooding that led to loss of Wheelerville Road and U.S. Route 4 in Mendon. Restoration of flow into the potable watershed from Brewer Brook was completed in late November. Removal of flood debris from Mendon and Eddy Brooks is scheduled to be completed in the summer of 2012. Further downstream at the City's reservoir and water treatment plant, removal of woody debris from Mendon Brook was performed immediately after Irene in preparation for stream repairs and restoration. All efforts were made to utilize the salvaged trees to their highest value; over sixteen thousand board feet of logs and eight hundred thirty five tons of biomass grindings were produced to help defray some of the costs of repairs to the City's water supply.

Two timber sales were conducted on watershed lands this past year. One hundred, eighty three thousand feet of White pine timber stumpage in compartment six was sold, yielding thirty three thousand dollars of revenue. The second timber sale was conducted in-house at the reservoir compound, yielding sixty eight thousand board feet of Red pine sawtimber, one hundred tons of chipwood, and twenty five cords of hardwood firewood logs. This sale netted an additional sixteen thousand five hundred ninety eight dollars

Department of Public Works

of timber revenue to the City. Special recognition goes to Tom Harte, Joe Johnston, and Bill Santwire for all of their help in this log sale. Currently, work progresses on the marking of additional future timber sales that recognize and incorporate significantly lower stumpage values in our currently troubled economic atmosphere.

Urban Forest Management

Managing Rutland's shade trees is a continual process that involves removing dead or dying trees and replanting areas for the next generation. Thirty three trees were removed, of which eighteen required contracted local tree services. Two hundred seventy three trees were pruned to improve form, aesthetics and public safety with an additional twenty one trees requiring contracted services to reduce hazardous conditions. Forty four trees were planted within the streets right of ways, of which forty two originated from the shade tree nursery. This brings the total number of trees produced from the nursery to five hundred forty six since 1996. Rutland City celebrated its 20th anniversary as a Tree City, USA during Arbor Day ceremonies held in Montpelier in May and continues to be Vermont's longest running community awarded this honor. Our local Arbor Day was celebrated with the planting of a Red oak tree at the Northeast Elementary school, with students from Stafford Technical Center's Forestry and Natural Resources program and Mayor Louras presiding over the ceremony.

The Forestry Division continues to assist other divisions within the Department with roadside vegetation management, snow removal and water system repairs. The Division continues to provide educational offerings with local schools, garden clubs, and UVM's Master Gardener and Stewardship of the Urban Landscape programs. The City Forester serves on the State of Vermont Department of Forests and Parks Urban and Community Forestry Council. Sincerest thanks go out to all who have helped keep our community a great place to live and work.

Streets Division

Thomas Harte, Foreman

Dan Maniery, Streets Division Manager

The Street Department is responsible for street, sidewalk maintenance and winter street maintenance. We also install, repair and service all the parking meters in Rutland's Downtown area.

Removed and replaced approximately 1659 ft of curb.

Replace approximately 1060 ft of sidewalk.

Repaired the upstream side of Lincoln Ave. bridge. Without this repair this bridge would surely have been lost during Tropical Storm Irene.

Removed the asphalt and repaired the concrete bridge deck surfaces on the North St Bridge and the Adams St Bridge and repaved both.

Repaved or patched multiple ditches from water and sewer repairs and maintenance.

Water Distribution Division

Joseph Gallipo, Foreman

The Water Distribution Division is responsible for the installation and maintenance of all water mains in Rutland City and maintenance of the water system for Rutland Town by contract. The Department is also responsible for the installation, service, repair, and flushing of approximately 650 fire hydrants in the City and the Town.

In July 2011 we began and completed a new water main project on Chestnut Ave. which consisted of installing 630 feet of new 8" ductile iron water main to replace the 3" main that was installed in 1882.

After Tropical Storm Irene we spent considerable time at the Rutland City Reservoir, first getting the emergency water system running and on-line, then repairing the inlet pipe that was plugged with debris from the storm.

On Spruce St we transferred all water services from a 3" water main that was installed in 1883 onto a 6" water main and disconnected the 3" main.

We repaired 10 water leaks or water main breaks throughout the year.

We installed 8 new water service taps to include the new water service for the Department of Veterans Affairs on West St.

Along with flushing hydrants twice a year we installed, replaced or repaired 4 fire hydrants.

Water Treatment Division

Scott Taggart, Water Treatment Manager

Thomas Garofano-Barone, Asst. Water Treatment Manager

The City of Rutland's Slow Sand Water Filtration Facility treated a total of 861,241,200 gallons of water during the last fiscal year. The chemicals used during the process were fluoride, zinc-orthophosphate, and sodium hypochlorite.

The devastation experienced after Tropical Storm Irene at the reservoir area was extreme to say the least, but it paled in comparison with the loss of Michael J. Garofano and Michael G. Garofano. Mike and his son were doing as they always had done and were looking out for the best interests of the citizens of Rutland and not thinking about themselves. Because of Mike's diligence in maintaining and safeguarding the treatment facility and emergency equipment, we were able to use an emergency water source on East Creek while repairs were conducted on the main pipe connecting Mendon Brook to the reservoir. The damage to the reservoir area has now been fixed but the loss of these two men will never be fixed or forgotten.

Following Tropical Storm Irene approximately 1300 feet of 20" pipe was replaced. A new emergency inlet on East Creek was constructed and the old reservoir was dredged of silt deposited by the storm. A hydrocarbon analyzer was replaced and installed at the inlet on Mendon Brook.

Department of Public Works

Some special projects completed this past year include stabilization of a berm installed around 1947 to protect our emergency pump house. Also a drainpipe was added to the 300,000 gallon emergency storage tank to facilitate cleaning in the wake of Irene.

We finished operating various pilot studies with the Vermont Water Supply Division to determine which additional treatment processes will aid the slow sand filtration facility in reducing the disinfection byproducts (DBPs) that occur in our drinking water.

We appreciate the help from the other DPW Divisions that allowed us to complete these projects successfully.

Wastewater Collection Division **Steve Davine, Foreman**

The Wastewater Collection Branch is responsible for all the installation, maintenance and repair of all sanitary sewer mains, the storm collection system, to include all manholes and catch basins.

Beginning in July we repaired the catch basins and manholes that are located on the following streets that were to be paved: Cramton Ave, East St, Sharon Dr, Irving Hts, Ridgewood Dr, Victor Pl, Wallace Ave, State St, Curtis Ave.

During the course of our regular maintenance duties we cleaned several thousand feet of sanitary and storm mains along with the manholes and catch basins at the entrance to the mains. We also de-greased approximately 3,000 feet of sanitary mains.

Following Tropical Storm Irene, we worked to clean the inlet at the Rutland City Reservoir and also worked with private contractors to clean the Alpine Pipeline to expedite its return to service. We also flushed and cleaned hundreds of feet of sanitary and storm mains in Rutland City after the storm. The 60" main running through Monsignor Connor Park also was repaired due to damage from Irene.

Wastewater Treatment Division **Robert E. Protivansky, Chief Operator**

This year has seen some extraordinary challenges and accomplishments by our Operators. Along with everyone having daily duties to operate the plant and pump stations, we were able to accomplish the projects listed below along with many repairs and improvements throughout the year.

Repairs & improvements:

We replaced twelve 26 year old hot water circulating pumps with new energy efficient models with financial incentives from Efficiency VT.

We installed a new Turbo-Blower primarily with grant money, replaced a 26 year old TWAS pump with a new pump, rebuilt pump #4 at the River Street Pump Station, replaced the cover of Digester #3, cleaned the wet wells at ten pump stations, and installed a retaining wall and replaced fencing along a sixty foot section at the plant.

We remodeled an office in our Administration Building with new flooring, ceiling tiles and paint. The data wiring was also replaced. We cleaned and repaired the chlorine contact tank and the South Secondary Clarifier.

We completed the first year of a two year rehabilitation project at the Country Club Pump Station. Repairs were made to the force main, and we installed new wiring from the wet well to the control cabinet.

We replaced 160 light fixtures at the plant with energy efficient bulbs & ballasts. Most of the costs were covered by Efficiency VT. The total project cost was \$8700.00; the city's portion came to \$1576.00 with projected annual savings of \$8800.00. We also replaced three 2 HP motors with energy efficient models

The impact of Irene:

Tropical Storm Irene flooded and destroyed all of the electrical systems at Dorr Drive Pump Station, and we repaired the pump motors and drive shafts which were damaged when this pump station was flooded with 16 feet of water. Under emergency conditions, we rebuilt this pump station in about six days.

River Street Pump Station also saw its pumps damaged by the debris washed into the wet wells during flooding. Repairs are ongoing as of the end of this fiscal year.

Our operators worked throughout Irene, protecting our infrastructure and helping wherever we were needed. After the storm, along with all the issues at the wastewater treatment plant and the pump stations, we also assisted at the Water Treatment Plant to help rebuild and keep the water treatment plant running. Everyone here was very close to the Garofanos and was heartbroken at the loss. They will be greatly missed.

This has been a very busy and challenging year, and I am proud to be a member of this team. I would like to thank all of my co-workers for doing a great job again this year.

Fire Department

RUTLAND FIRE DEPARTMENT

It is again my privilege to report on the status of your Rutland Fire Department during the period July 1, 2011-June 30, 2012.

Your Rutland Fire Department at Work

The fire department responded to a total of 1896 calls for service. They are classified as follows:

Fires in Structures	80	Other Types of Fire	5	Hazardous Materials	90
Vehicle Fires	9	Rescue/EMS Assist	94	Hazardous Condition	78
Brush/Grass	10	False Alarms	260	Service Request	1224
Rubbish/Dumpster	17	Mutual Aid Given	7	Technical Rescue	22

Included in the above statistics are 41 Second Alarm Calls, 10 Third Alarm Calls and 1 General Alarm for Tropical Storm Irene.

The department responded to numerous calls for assistance related to Tropical Storm Irene and supported the post Irene recovery efforts.

Personnel

As of June 30, 2012 the department had 27 full time personnel and 18 part time personnel. On June 30, 2012 Firefighter Don Adams retired from the department after 31+ years of service to the City of Rutland. We wish Don well in the future and appreciate his years of service.

Equipment

The department apparatus fleet consists of (4 engines) including one Quint (Ladder Equipped Engine and an Aerial Platform, two service utility vehicles, a fire alarm maintenance bucket truck, a Hazardous Materials/Decontamination Trailer and a Technical Rescue Trailer.

Services Provided

The department provides fire suppression, fire prevention/education, hazardous materials response at the operations level and decontamination. In addition we are trained and equipped to respond to technical rescue incidents involving extrication from vehicles and machinery, rescue from confined spaces, trench collapse and can perform rope rescue operations. The department provides contract fire protection to the Town of Mendon, and three large businesses in Rutland Town and contract Crash/Fire/Rescue services to the Rutland Southern Vermont Regional Airport. In addition to emergency duties members maintain the municipal fire alarm system, maintain apparatus and equipment and the fire station and grounds while on duty. The department also assists with community projects such as hanging banners downtown, and other community promotional efforts.

Training & Education

In addition to responding to calls for service from the public, employees spend hundreds of hours training, presenting public education programs, and conducting pre-incident planning for emergency responses. During this period, members of the department attended regular training to maintain their skills and state certification. They also attended specialized training in Hazardous Materials, Aircraft Crash Fire and Rescue, Technical Rescue Operations, Safety and a variety of other specialties.

In the review of the response to Tropical Storm Irene it was determined that additional swift water rescue capabilities were needed in Vermont. The Rutland fire department was awarded three grants to develop

this capability. As this report is being prepared fourteen members have completed Swift Water Rescue Technician training. The department is also taking delivery of grant funded equipment and a new water rescue boat to more safely and effectively provide water rescue services to the City and region in future flood events.

Grants

The department has applied for and received nearly \$1,200,000 in state and federal grants over the past eleven years. These grants have allowed us to upgrade our communications system, purchase protective equipment for our members, replace our outdated emergency generator, and develop and maintain the ability to respond to special hazard calls such as hazardous materials, and technical rescue. The department continues to aggressively apply for grant funds.

Chief Engineer & Emergency Management Directors Report

As your Chief Engineer, I work to make sure the Rutland Fire Department is trained, and equipped to handle the emergency situations that may affect Rutland. I attend many meetings representing the City and the Fire Department in the City of Rutland, in surrounding towns, at the Vermont Fire Academy in Pittsford, and in Montpelier and Waterbury. These meetings are important as to make sure Rutland is represented at the local, regional and state level for planning and to help obtain grants. I have also attended meetings of Rutland United Neighborhoods and other community groups as requested. In addition to my duties as Chief Engineer, I serve as City Emergency Management Director and represent the Fire Service on the Governors Homeland Security Advisory Council and the Vermont Enhanced 911 Board.

Emergency Management

Maintain and update the Rutland City Rapid Response Plan and Rutland City Emergency Plan. Attend monthly Local Emergency Planning Committee meetings LEPC # 2 covers all of Rutland County and assists with local, regional and state level planning for all hazard response. Monitor possible sources of grant funding for City emergency preparedness projects. Respond to and assist in the coordination of services at natural and man-made emergency situations within the City or Rutland and the Rutland Region.

Open Burning

We receive numerous complaints about people burning anything from brush to trash in the city. The following information is provided regarding open burning within the City of Rutland. Due to the fact that the City is so densely populated open burning is **not permitted** without a permit from the Chief Engineer. Such permits are **only** issued for the occasional bonfire at a school or college, or for municipal emergency situations or commercial cooking purposes. Cooking fires do not require a permit but **only charcoal or LP gas may be used for fuel**. If an outside fire is creating a nuisance it may be extinguished by the department.

Fire Prevention

In closing as I write this report the winter heating season is here. Fires related to improperly installed and maintained heating equipment are a major problem in Vermont.

Fire Department

The Rutland Fire Department would like to offer some suggestions to the citizens of Rutland in an effort to prevent the loss of life and property due to fire.

- Install and maintain smoke alarms on every level of your home/apartment and in each sleeping room. Make sure they are working. If your smoke alarms are powered by a battery, change the battery every six months and test the smoke alarm regularly.
- Install and maintain Carbon Monoxide alarms in your home. Carbon monoxide is a deadly, colorless, odorless, gas that is produced by burning fuel. Carbon Monoxide alarms can alert you to the presence of this gas before it becomes a problem.
- Smoker and carbon monoxide alarms have a maximum service life and must be replaced when the service life is over. Check the information on the detector and that accompanied the detector. Follow the manufacturer's instructions for installing, maintaining and replacing alarms.
- Have your heating system inspected and serviced by a qualified technician before winter weather hits.
- If you burn wood or coal have your chimney cleaned and inspected prior to the heating season, then inspect and clean your chimney regularly during the heating season.
 - Remove ashes in a covered metal container and place the container **outside**, well away from the house and other combustible materials. Do not vacuum ashes from fireplaces or stoves they may still be live and cause a fire.
- If you have gas fireplace(s) or heater(s) have them inspected and serviced by qualified gas technicians and make sure the venting system is in good condition and supply air intakes are clear of obstruction to reduce the possibility of Carbon Monoxide poisoning.
- The use of portable un-vented kerosene heaters is prohibited in rental units and is discouraged in private homes.
- LP gas heating units should be installed by a qualified technician.
- LP gas cylinders **must not** be brought into your home. Many types of LP gas heaters are available for purchase. Many of these are intended for **utility and use outdoors** in a workshop, shed or garage where there is plenty of combustion air. LP gas cylinders in living units are a hazard to the occupants and firefighters who may respond to an emergency and not know of their presence.
- Prior to installing any new heating equipment read and follow the manufacturer's instructions. Professional installation by qualified people will reduce the chances of a problem.
- If you have any type of fire no matter how small **call the fire department**. Many structure fires start as chimney fires. If your smoke alarm or Carbon Monoxide alarm sounds call the fire department. Use a fire extinguisher only if you can do so safely and have an exit at your back and have someone call the fire department.
- Keep fuels such as LP Gas, Kerosene and Gasoline outside your home. Do not store them in the basement or in the house.

- If you use space heaters make sure they are in good condition and keep them away from things that may burn such as paper, plastic, clothing, furniture, and bedding.
- Electric heaters should have a label indicating listing by a recognized testing laboratory such as UL Underwriters Laboratories. Electric space heaters should be used in full compliance with the manufacturer's instructions. The use of extension cords for electric space heaters should be avoided.
- Space heaters of any type should not be left un-attended.
- Keep your exits clear of ice and snow and do not obstruct exits with furniture, storage items or appliances.
- Have an emergency escape plan make sure everyone in your home knows the plan and practices it. Have a designated meeting place away from the building.

For more information about fire safety contact the Rutland Fire Department at 773-1812.

Members of the public are encouraged to visit the department during normal business hours. Tours can be arranged for school and community groups.

On behalf of the Fire Department, I would like to thank the Mayor, Board of Aldermen, city hall personnel, the School Department, DPW, Recreation Department and all city officials and employees who assisted the Fire Department in any way during the past year. We again offer our thanks to the citizens of our city for their continued support of their Fire Department. Also a very special thank you to our mutual aid partners for their assistance, many times this past year with emergencies and special projects.

If you have any questions about fire safety, emergency preparedness, or the Rutland Fire Department please call us at (802) 773-1812.

REMEMBER IN AN EMERGENCY DIAL 911

Thank you, again to the citizens of Rutland for your support of the Rutland Fire Department.

Respectfully Submitted,

Robert Schlachter

RUTLAND FIRE DEPARTMENT
OPEN BURNING INFORMATION

OPEN BURNING

Open burning other than small cooking fires fueled by LP Gas Charcoal is not permitted within the City of Rutland unless a permit is issued by the Chief Engineer. It is always a good idea to check with the department if you have a question.

The reason for this policy is that Rutland is a densely populated community with buildings close together. In addition to the possibility of a fire spreading to a structure there are concerns about air quality and the nuisance smoke can create for people with respiratory problems.

The policy on issuing burning permits is as follows:

- Small fires for cooking using LP gas or Charcoal are allowed without a permit.
- Fires for educational institutions or community events such as bonfires for sporting events where a permit has been issued. In the case of a bonfire the fire department stands by while the fire is in progress these fires are typically in more remote areas of the City.
- Special events where approved and a permit is issued by the Chief Engineer.
- Emergency situations as directed by health officials or the Mayor.

The burning of trash, painted/treated wood, shingles, tires and similar materials is prohibited by state law. Only clean, untreated wood can be burned at a permitted fire. Persons who have unpermitted fires or are burning illegal materials are subject to being issued a ticket for violation of the open burning ordinance and may be subject to additional state enforcement actions.

Historical Society

Rutland Historical Society **Carolynn Ranftle, President**

To the Honorable Mayor, Board of Aldermen and Citizens of Rutland:

The Rutland Historical Society continues its mission of preserving and sharing Rutland History. The following summarizes our many efforts and activities for the year.

To ensure that the Society is a sustainable organization, we continue with sound financial planning, are making sure that we comply with current not-for-profit governance and legal policies, and are striving for a more efficient structure. We have conducted a financial audit and are streamlining financial reporting. We were successful in obtaining grants of \$1000 each from the Vermont Community Fund, IBM, and the Green Mountain Power Co. in addition to the annual grant received from Rutland City. We have published policies on non-discrimination, ethics, copyright, and privacy and we have simplified our structure by reducing the number of standing committees.

Technology and Digitization have become the underpinning of the Society's future. In November, 2011 the Society received a League of Local Historical Societies award of excellence for our digitization efforts. Major accomplishments in this area include the scanning and digitization of over 80 Rutland City Directories, 155 Quarterly publications, and the West Rutland Town Reports, and the uploading of a significant number of the over 100 Historically Speaking episodes to Internet Archive a non-profit digital library offering free universal access to books, video, and other media. We've scanned several of our photo collections – early 20C Glass Plate Prints and prints from later Rutland photographers. Technology upgrades included a laptop computer, a hand held scanner, and a scanner designed specifically for converting negatives and slides into digital images. This newest scanner is being used to scan hundreds of negatives, early lantern slides, glass plate negatives, and 35 mm slides, many producing images seen by us for the first time. These efforts have enabled us to fulfill a number of requests for photographs by local organizations and businesses. In 2012 we acquired compact video cameras and have begun to record oral histories of Rutland's long-time residents.

The Society's website www.rutlandhistory.com is our link to and from the public and it is the perfect venue for bringing Rutland's history to a global audience 24 x 7. We publish information from and about our collections, provide recommendations and links for researchers, and inform the public about our programs and what is going on at the Society. Major content added this past year includes the remaining Quarterlies, City Directories, links to uploaded video episodes of Historically Speaking, West Rutland Town Reports, three image galleries, the William Nichols Civil War letter, and the Society's by-laws and policies. Re-organization of the website content has resulted in easier access to the information.

The Society's programs serve everyone. We held programs or provided support for programs and events for youth and school groups such as the YES program; for seniors - OSHA series and TRIAD at the Godnick Center; for local organizations – the Universalist Church, the Rutland Regional Chamber of Commerce, and the Italian American Club; for area and state groups - Vermont Blind and Visually Impaired, the Chittenden, Goshen, Pittsford, and Salisbury Historical Societies, the Brandon and Pittsford Libraries, the Crown Point Association in Shoreham, tours of Hawk Hill, Lake Dunmore, and 1957 Chittenden Airplane Crash site; and for community events – the annual Sidewalk Sale, the annual blood drive, and the Halloween and Loyalty Day Parades. Society members also attended a VHS information session in Rutland, conservation testing of the Cootey Building, and informational meetings on the sale of the historic Armory building.

Our Television Presence continues with Moments in History, a 2-3 minute segment of the PEGTV Weekly Access News Show which is coming up on the two year mark, with over 100 segments having been aired. On PEGTV our Historically Speaking series continues with three new episodes – "Civil War

Exhibit" – at the Society, "Behind these Walls" – the inner workings of the Society, and Rutland "Dressed Up" – selections from the Society's Textile Collection. At PEG-TV's annual meeting the Society presented a certificate of appreciation to the PEG-TV staff.

The Society's printed publications continue with its Quarterly (Faces of the Past Calendar III, The Vermont Marble Company Strike of 1966, The Vermont Marble Company Goes to War, and Rutland in the Civil War Part 3 – The Sharpshooters), quarterly Newsletters, and 52 weekly Tidbits From Then and Now published in Sam's Good News. In addition the Society provided an article for the Vermont Business Journal.

A Library Partnership began early this year when the Rutland Free Library Board contacted the Society, seeking to develop an active partnership to help realize one of their strategic goals – to preserve and share Rutland's heritage. Representatives from both organizations are now meeting on a monthly basis to determine what joint projects will benefit both organizations as well as the community. Initial efforts are focused on digitization.

The Vermont History Expo in June was the culmination of several months of planning, researching and building an exhibit on the 'Vermont and Rutland Sharpshooters'. The leadership and teamwork of the more than 10 volunteers who participated were rewarded with a successful exhibit and an excellent showing for the Society.

As caretaker of the Nickwackett Firehouse the Society performs repairs and maintenance, which this year included major plumbing/furnace repairs and the purchase of a new de-humidifier. Electrical, air conditioning, and ADA compliance inspections are conducted on a regular basis. In winter, the city plows the parking lot and a Corrections Department team makes sure the walks are cleared. In the summer a volunteer maintains the small flower garden in front of the building.

In the Collections Management area the Society processed over 80 incoming donations of historical materials and made significant progress with the backlog from prior years. In addition the collections' team has organized a major new collection, reviewed, organized, and stored all large documents, maps and photos, and lastly, has reviewed items in our secured storage units. The Collections Management software has been updated to the latest version. To maintain and improve skills, volunteers attended the Vermont League of Local Historical Societies annual meeting and education sessions and a meeting of the Vermont Archivists.

At the Firehouse we continue to open the Society to the public twice a week with each session hosted by volunteers, and have conducted many formal and informal tours of the facility.

Requests for historical information come in through the website message board, emails, phone calls, letters, and visitors. Many of these require a significant amount of research. An estimated 250 requests are handled annually.

In closing . . .

We thank the community for its support and ask them to join or continue their membership, to become a volunteer, and to donate historical materials relating to the municipalities that make up the original town of Rutland (Rutland City, Rutland Town, West Rutland, and Proctor).

And a special thanks to the volunteers, authors, directors, officers and the curator, all who share their talents and freely give of their time to continue to make the Rutland Historical Society a successful organization.

Police Department

RUTLAND CITY POLICE DEPARTMENT

**James W. Baker, Chief of Police
City of Rutland**

Dear Good Citizens of Rutland,

It is my honor to report to you the activity and over view of the Rutland City Police Department (RCPD) for the Fiscal Year 2012.

I first want to acknowledge the service of Chief (Retired) Tony Bossi. Chief Bossi retired in December 2011 after a long career in public service. I have personally known Chief Bossi for over twenty years. I often collaborated with the Chief over the years and know his dedication to public service. Chief we thank you for your service and wish you and Karen all the best.

The RCPD is authorized 40 sworn (as of 1/2013) and 10 civilian employees. During the past year the men and women of the RCPD have struggled through serious staffing challenges due to members leaving and injury related vacancies. Through the dedication and hard work of the members of the RCPD the citizens of Rutland were well served. I want to acknowledge the efforts of every single member of the RCPD who has worked long and hard hours to provide safety and security to the citizens of Rutland.

During the past year the RCPD has continued a long established tradition of working with local, county, state federal partners to focus on law enforcement activities that will enhance the quality of life in the City of Rutland. In the coming year those relationships will be enhanced with a more surgical focus on the elements of criminal activities that are effecting specific neighborhoods in the City. There will also be a renewed focus on building working relationship with outside stakeholders in order to improve quality of life in Rutland. There will be a holistic approach with a focus on creating and measuring metrics to document improvements.

The following is a general overview of the RCPD.

SUPPORT SERVICES DIVISION

The Support Services Division is under the command and direction of Captain Scott Tucker. The focus of the Division is to supply support to the all functions in the RCPD. The Division has operational control over hiring, professional standards, training, auditing and control internal affairs investigations, budgeting development and management, records management, fleet management, criminal investigations and policy development.

Records

Nora Moore joined the Rutland City Police Department in September 2011. Hired as a record clerk she works alongside veteran record clerk Debra Pockette, a 17-year employee of the Department. Together, they carry out essential record keeping functions ensuring confidentiality while at the same time releasing information to the public in accordance with state statute. In addition to daily tasks, both have been called upon to assist in many additional projects ranging from critical research to fundraising events and green initiatives within the Department. Of great concern to both and of vital importance to this agency, is the necessity for complete, accurate reporting in the Incident Based Reporting System (IBRS). They work diligently to ensure the accuracy of property entries and adherence to National Crime Information Center (NCIC) guidelines. The records team notes judicial proceedings regarding freedom of information cases which could have a direct impact on the way they do business and they look forward to added guidelines and directives to improve efficiency in the delivery of services and safekeeping of confidential information.

School Resource Officer

School Resource Officer (SRO) Chris Greene was assigned to assist the Patrol Division for the summer of 2011. Once the school year began, he resumed his duties as the SRO assigned to respond to and manage a wide variety of situations occurring on seven separate campuses in the Rutland City School District. He continues to teach Drug Abuse Resistance Education (D.A.R.E.) to all fifth grade students and takes great pride in his role within the schools. In April, 2012, SRO Greene attended the 7th Annual MJPOA-NASEO Region 4 School Safety Conference in Norwood, MA where he attended sessions pertaining to a wide range of topics from bullying to emerging drug trends. SRO Greene recognizes the need for continued support for students, especially during the summer months when the probability of "getting into trouble" is greater for many due to the decreased supervision during their school break. Officer Greene as SRO continues to serve as a mentor to students and work in the capacity of a juvenile officer, remaining in contact with students, especially focusing more on at risk youth.

Animal Control Officer

Animal Control Officer (ACO) Craig Petrie continued his work investigating animal complaints ranging from unregistered dogs to animal cruelty, issuing tickets for ordinance violations and completing affidavits in criminal cases. He continues to nurture professional relationships with other departments and has recently announced his retirement after 33 years with the Rutland City Police Department.

Accreditation Manager

Sergeant Perkins continues to focus on the CALEA accreditation process while supervising the three sections under her watch. The CALEA process is aimed at receiving national accreditation from the Commission on Accreditation for Law Enforcement Agencies.

Training and Professional Development

The RCPD continues to develop professionalism through the development of best practices and focused training. Training in the past included self-defense, firearms, emergency vehicle operation, first aid, Incident Command System, Patrol Rifle Certification, physical fitness training, Highway Interdiction, First Line Supervision, Bias Free Policing and other topics aimed at developing staff.

In the past year the Command Staff, Supervisors, members of the Police Commission and members of the employees union took part in the first ever leadership summit. Over a two day period there was a focus on the development of a Vision Statement, Mission Statement and Core Values (printed at the end of the report). There were also presentations on leadership development and media relationships.

Internal Affairs Investigations

The RCPD is committed to respecting the citizens served. As part of developing an effective relationship with the community it is recognized that there needs to be a process where members can be held accountable for their actions. This accountability and transparency is how the RCPD builds the trust with the community that is needed to be effective. That accountability and transparency is delivered via an established Internal Affairs process that report to the Police Commission.

Bureau of Criminal Investigations

The Bureau of Criminal Investigations (BCI) is supervised by Det. Sgt. Kevin Stevens and is primarily responsible for the investigation of all major crimes, as well as a support service to the uniformed officers. BCI further assist the administrative support service unit of the department when needed. The unit consists of detectives who have received specialized training in all areas of law enforcement.

The detectives assigned to the investigations unit have always possessed a drive to solve crime as well as serve and protect the citizens of Rutland. The unit has faced many challenges over the last year, with many new challenges ahead in the coming year. Our detectives are continuously moving forward with the

Police Department

changes in legal issues, court challenges, collection of evidence, and the many unseen requirements faced by law enforcement. The members of BCI are committed to serving and protecting our citizens, and apprehending those who choose to commit offenses against our citizens. Together, our department, and our community partners will continue to serve our citizens well.

As part of the BCI function there is one detective assigned to the Special Investigation Unit that focuses on the sexual abuse of children. This unit is a multi-disciplines approach to deal with the abuse of children.

PATROL DIVISION

The Patrol Division is under the command and direction of Lieutenant Kevin Geno. Lt Geno is responsible for the direction, staffing and deployment of the patrol function to include emergency communications. The patrol function is the most visible portion of the RCPD. The call volume for the patrol officers is one of the highest per capita in the state.

The Patrol Division is made up of four different shifts. There are two day shifts and two night shifts. Each shift is led by a Patrol Sergeant who has the primary responsibility of ensuring that the members of the RCPD deliver the best service we can. The four Sergeants charged with delivering the front line services are Sgt. John Sly, Sgt. James Tarbell, Sgt. Matt Prouty and Acting Sgt. Steve Schutt.

The patrol function is not only broken into shifts but also is assigned specific geographic areas to patrol. Those patrol areas are supported by a continued working relationship with Rutland United Neighborhoods (RUN). The overarching goal of the patrol division is to provide an environment where our citizens and visitors feel safe allowing for a quality of life that makes Rutland a place to live, work and play. The Patrol Division welcomes two new members of the Emergency Communications staff. Mr. Seth Savageau and Ms. Sue Jean-Geesey joined our ranks. We welcome them as part of the team.

I want to acknowledge the efforts of the members of the Patrol Division who has worked under trying circumstances over the past 12 months. These men and women because of department vacancies have been forced to work mandatory overtime shifts spending many hours away from their families and friends. Their level of dedication cannot be over stated. I thank them for their dedication to the mission.

CRIME DATA

Posted to this report is the Fiscal Year data collection for the RCPD. It should be noted that the City of Rutland does not sit at the top in Part I type crimes in the state. The challenge lies in the PART II offenses which encompass many of the quality of life issues (vandalism, theft, disorderly conduct, etc). In the future the RCPD is beginning the process of more than reporting statistical data. The data will be used to drive an enforcement strategy that will partner with non-traditional partners to have a positive influence on quality of life issues in the city. This will be accomplished by data analyst to identify trends in order to deploy resources.

CONCLUSION

This past year was challenging year for the members of the RCPD. The challenges facing the agencies were both internal and external. We have begun to move past those challenges and continue to work towards making the RCPD a special place where people look forward to working. We recognize and understand the importance of a police department that has the trust of the community it serves and the influence the action of the police department has on the quality of life in a community. The members of the RCPD are a dedicated group of men and women who stand ready to be part of the future of a vibrant Rutland community.

I want to acknowledge the efforts of Mayor Chris Louras, Board of Alderman President David Allaire, The Board of alderman, City Attorney Andrew Costello, Police Commission Chair Larry Jensen and all city officials for their support of the RCPD. The RCPD will only be effective as the support that is received by the citizens and officials in Rutland.

Over the past twelve months members of the RCPD have developed a set of Core Values, a Shared Vision Statement and a Shared Mission Statement. Every member has had input in the development of these statements. Every member understands that these following words are more than words. These words represent what the members value about who they are and what they do. The members of the RCPD have pledged that they will live up to and be guided by these Core Values, Vision and Mission Statements. The citizens of Rutland can be assured that the members of RCPD will be held accountable to these values.

Respectfully Submitted,
Chief James W. Baker

Police Department

CITY OF RUTLAND POLICE DEPARTMENT **CORE VALUES**

RESPECT

Working at the Rutland City Police Department should be challenging and rewarding. Our people are our most important resource. We will respect each other and those we serve. Even those who violate the law will be treated with basic respect, compassion, empathy and dignity.

INTEGRITY

Members of the Rutland City Police Department will always maintain the highest level of character. Our actions will always match our words. We will have the courage to stand up for what is right and just.

HONESTY

As members of a profession that is based on telling the truth we will always be honest in all we do.

TEAMWORK

As a member of the Rutland City Police Department each person understands that the most efficient manner is to work as a team. There is no individual; we succeed or fail as a team.

PROFESSIONALISM

The members of the Rutland City Police Department are highly visible in the community. We know that our conduct both on and off duty is direct reflection on the Rutland City Police Department. We will at all times conduct ourselves in a manner that will reflect positively on us and our Police Department.

LOYALTY

We will have an unwavering allegiance to ourselves, the Rutland City Police Department and the mission.

COURAGE

We will at all times have the inner strength to face the most difficult decisions, danger and conflict. We will not waver from doing what is right.

SHARED VISION

As a leader in law enforcement, the Rutland City Police Department will work collaboratively to build a bias-free community where everyone feels safe and secure.

OUR SHARED MISSION

The Rutland City Police Department is dedicated to protecting and serving our citizens through professionalism, courtesy, compassion and community partnerships.

**CITY OF RUTLAND
2011-2012 ANNUAL REPORT**

RECREATION AND PARKS DEPARTMENT

To the Citizens of the City of Rutland:

I respectfully submit the annual report of the activities and accomplishments of the Recreation and Parks Department for the fiscal year of 2011-2012. The Recreation and Parks Department is proud to provide services and opportunities enhancing the overall quality of life for the citizens of Rutland.

In late August of 2011, tropical storm "Irene" struck Rutland and the surrounding area and left all of us with a lasting image of destruction and loss. What remains ingrained in my head was the tragedy and loss of Mike Garofano and his son Michael. With all of the destruction in the parks, it was their deaths that that numbed me for weeks. The Garofano family holds a special place in our hearts at the Recreation Department. For many years, Mike Sr. coached soccer and basketball and instilled the idea of giving back to the community to his children. That idea grew into action as I watched all his children and his wife Sally volunteer over the years on numerous occasions. Mike and Michael will be remembered by this department forever and will be a symbol of what makes communities strong.

The majority of our resources in this fiscal year went to repairing the damage caused by "Irene" mainly at Monsignor Connor Park and Giorgetti Park. Our two largest parks with the most extensive open field space which included three softball fields, one baseball field, and open area where we program most of our field sports like football and soccer were devastated by the storm. At Monsignor Connor Park the fields, tennis and basketball courts and the playground equipment were all covered with six to twelve inches of a heavy mixture of dirt, silt and clay. All of the material had to be removed before we could begin the restoration process. Giorgetti Park had similar issues but to make matters worse the entire river bed was riddled with debris from the storm. I very pleased to say that by the end of June 2012 both parks have been not only completely restored but improved. My hat goes off to the maintenance division of this department for their determination and ingenuity in restoring these parks. Bob Peterson and his staff consisting of Jay Siliski, Jeff Pratt, Steve Canney, Tyler Dahlin, Ed Griffiths, Kyle Bourgeois and Keith Wight continue to amaze me in their ability to accomplish a variety of different responsibilities really well. They did a miraculous job!

We are grateful to Senator Sanders for acquiring federal dollars to assist us in several renovation projects and new amenities at the Godnick Adult Center. With this federal funding, City money and help from Efficiency Vermont, the center now has a new and improved parking lot, a complete energy retrofit including new replacement windows that will save taxpayer resources in the years to come, new kitchen appliances, new dinnerware and silverware, new chairs to supplement the ones purchased by the Osher Lifelong Learning Institute, and improvements to the acoustics in the facility. These upgrades coupled with several other projects completed at the Godnick Center over the last few years will ensure its viability in the years to come.

Giorgetti Arena and Pine Hill Park along with the Godnick Adult Center were the hub of much of the activity throughout the year. The pool at White Park enjoyed a busy summer once again as Vermont's largest outdoor municipal pool. The main office for the department remained in our temporary home at the Godnick Adult Center. Programming has been constant, but strained in some instances. However, Cindi Wight and the program directors, Lori Hickey, Jay Thomas and April Cioffi aided by Brooke Towslee, Mary Markowski and Lori Pinkowski continued to work extra hard to produce quality programming and administrative support with the temporary facility resources available to them. Over the course of the year some of the programs were staged at interim locations and although they were not

Recreation and Parks Department

necessarily the best solution for the long-term we are grateful to the organizations that have provided these short term answers. However, the fact remains, we must have a recreation center to function properly and continue to provide the services that are expected and deserved.

The recreation department provides programs attracting approximately 10,000 participants per year. Special events presented by the department draw 20,000 to 25,000 people yearly. The larger facilities conservatively combine for over 85,000 visits per year not including everyday use of the smaller parks. With that said, this department continues to explore ways to better serve the residents of the city and provide the quality of life that the residents deserve now and in the future. Thank you for continuing to allow me the privilege to serve you.

Sincerely,

EJay Bishop, Superintendent

Recreation and Parks Department

FACILITIES

Alexander Keefe Memorial Park

Located on Water Street

Center Street Alley Park

Located inside the downtown block formed by Wales, Center, Merchants Row and Washington Streets
Benches & picnic area.

Cioffredi Complex

Located off Temple Street

2 Softball Fields and open space.

Community Gardens

Northeast Community Garden - located off Woodstock Avenue behind McDonalds

Garden plots available for public use and 1 mile of walking paths

Southeast Community Garden – located off Allen Street next to Rutland MS/HS Allen St. Campus

Garden plots available for public use

Depot Park

Located on the corner off Merchants Row and Evelyn Street

Benches and gardens, home of the Farmer's market from spring thru fall.

Giorgetti Park

Located off Oak Street Extension

Telephone # 775-7976 Bike Shop # 775-7980

30 acres with 1 Baseball Field, 1 Softball Field, Giorgetti Arena (Flip Side Skate Park, Pine Hill Bike Shop & an ice-skating rink) open fields and the trail access to Pine Hill.

Godnick Adult Center

1 Deer Street

Telephone # 773-1853

Recreation Department offices, program/meeting rooms, exercise room, meal site, gazebo, shuffleboard courts, & open space.

Justin Thomas Memorial Park

Located on the corner of Madison and Prospect Streets

Gazebo, playground equipment and picnic tables.

Main Street Park

Located on Main Street between West and Madison Streets

Arboretum, bandstand and benches.

Monsignor Thomas Connor Memorial Park

Located off Meadow Street

2 Basketball Courts, 3 Tennis courts, 2 Softball Fields (one with lights), open fields, and playground equipment.

Pine Hill Park

Located off Oak Street Extension

275 acres with 16 miles of Pine Hill Trails designed for hiking and mountain biking.

River Street Park

Located on the corner of River and Meadow Streets

Playground equipment and picnic tables

Rotary Park

Located off North Street

Support facility, 2 tennis courts, playground, 1 basketball court, open fields & two handball courts.

White Memorial Park

Located at the end of Avenue B

Swimming & wading pools, pool house, 1 youth baseball field, 5 tennis courts and 2 basketball courts.

FULL TIME STAFF

EJay Bishop, Superintendent
Cindi Wight, Recreation Director
Lori Hickey, Program Director @ Godnick Center
Jay Thomas, Program Director
April Cioffi, Program Director
Bob Peterson, Parks Director
Jay Siliski, Maintenance Foreman
Jeff Pratt, Maintenance Specialist

Rutland Free Library Association, Inc.

ANNUAL REPORT 2011-12

Where to start..... honors at the statehouse , the library's 125 birthday bash, Vermont Libraries /Trustee of the Year, some out-of-the-ballpark statistics, a substantial gift from a former Rutland resident, wrap-up of the building repairs, participation in the Halloween Parade, an exciting strategic plan, or incremental technology changes?

Since all of the above stems from the hard work of a group of dedicated women who formed the library association in 1886, it seems appropriate to start with this birth and to thank the community who has supported public library services for twelve and a half decades. In May the state legislature recognized the history, legacy and forward-looking approach to service with a formal document of appreciation and a standing ovation. This came on the heels of library trustee Pat Hunter's designation by the Vermont Library Trustees Association as Trustee of the Year, noting her extraordinary efforts in guiding an ambitious strategic plan through the shoals of financial support, staffing shortages, and rapidly evolving expectations from the community.

The plan is a logical next step since it outlines six major goals: Wonder & Discovery (children), Insight & Delight (adults), Global Connections (digital world), Preserving & Sharing Our Heritage (local history), Community Engagement, and Sustainable. Behind these poetic labels lies a robust plan for examining changing needs and user habits in order to provide collections, services, digital access and, yes, even space needs in more meaningful ways. The plan has the trustees and staff actively working on funding issues, space planning and new services over the next 5 years.

The 19th century post office and courthouse has received the first of several major repairs, including replacing pre-civil war sewer lines, new roofs, and a dehumidification system, thanks to voter support.

But the library is more than a building, particularly in the 21st century as readers and researchers access information differently. This year we added an email newsletter, a mobile app for Smartphone users to look at library holdings, set up Library Elf which notifies borrowers on their phones or through their email of books being held for them also warning of upcoming due dates, Twitter, expanded our Facebook presence and tweaked the website. We added some exciting new databases, including Consumer Reports, Chilton's Automotive Repairs, Universal Classes and Powerspeak Languages. With a USDA grant we installed a self-check machine so that borrowers can check out their chosen materials with some privacy and within nine months over a third of all items checked out were handled this way.

And yet...the building/library is also clearly a community living room where people hang out, connect, retreat, share and come to learn. We see tutors, classes of students, scouts, more teens and many more visitors coming in as a family group. We cleared space to put in more desks for laptop users and added some much needed wiring to help with the laptop power needs.

Teaching to help with the myriad issues of digital access was significantly ramped up this year. An ongoing series (Tech Boot Camp) trained novices on email, basic computer use and printing, web searches, and e-book downloading. We also partnered with Vtel to offer one-on-one training throughout the summer on an appointment basis.

To the stellar 1st Wednesday Humanities series and story hours we have added the 2nd Wednesday Community Cinema series by collaborating with the newly formed Rutland Film Society, and began plans to collaborate with the Castleton Friends of the Library and our Friends for the second season of Science Pub offerings to be held in both communities.

Rutland Free Library Association

Continued financial tax support from Rutland City, Rutland Town, Mendon, Ira and Tinmouth remains the backbone of a very lean financial body. In addition to the annual fund campaign the Board held the fourth Tables of Content event and is planning on a Mini-Golf event (in the library!) this coming year. Funds for books, databases and all other digital content come from the Nella Grimm Fox fund. The library received a second substantial gift from Mary Ogden, who grew up in Rutland, designated for services to Rutland's youth. Our Friends of the Library have sold thousands of books to help the library with operational costs, in addition to buying equipment and furniture outside the bounds of our tight budget.

And what of those statistics? At the Help Desk tech assistance questions rose 252%. We have increased program offerings by 38% and seen corresponding attendance increase by 65%. People are still reading and enjoying books, but now in a variety of formats. The use of downloadable audio books and e-books increased by 64%.

In the coming year we will be migrating to a new ILS (integrated library system) to increase access and reduce annual maintenance costs. This exciting project will open up holdings from Brattleboro, Ludlow, Springfield, Waterbury and eventually the state library directly to Rutland users through a consortium model. Other libraries will be added on after the first year. The library is also slated to receive high fiber optic cabling which can be shared throughout the community with the library as the connector hub as part of a massive federal grant written and received by the state library and several other state agencies.

Whew! Quite a year, with more to come.

Mary E. Moran, Superintendent of Education

TO THE CITIZENS OF RUTLAND CITY:

Rutland City Public Schools is a learning organization that provides an outstanding educational opportunity to 2300 students at seven schools, two alternative sites, and the Stafford Technical Center. Our superior faculty and staff members focus on the needs of each and every child on a daily basis. Our new District Mission Statement concludes with this pledge/belief: "Every Student, Every Day." What follows is a basic and brief report on the status of the system.

Northeast and Northwest Primary Schools each serve approximately 230 students in the Early Essential Education Program (EEE) through Second Grade. The Pierpoint Primary Learning Center, located at the former regional library, houses three EEE classrooms and is part of the Northwest/Pierpoint Primary School community.

The Rutland Intermediate School, located on Library Avenue, serves approximately 600 students in Grades 3-6. The Rutland Middle School, also located on Library Avenue, serves 300 students in Grades 7 and 8. Rutland High School, on Stratton Road, serves 950 students. Approximately 270 students attend the full time program at the Stafford Technical Center, and over 800 adults take part in our Adult Education Program. Stafford programs continue to support educational and training opportunities for both the youth and adult populations of Rutland County.

The number of tuition students attending Rutland High School from Rutland Town, Mendon, Chittenden, Danby, Ira, Middletown Springs, Mt. Tabor, Pittsfield, Plymouth and Stockbridge remains strong. Continued progressive programming, including a large number of Advanced Placement and honors courses, an infusion of modern technology, the development of STEM and Global Studies Academies, the YES Plan and many additional offerings in the Fine Arts, have contributed to the consistent attractiveness of Rutland High School as the most popular school of choice for parents and students in the tuition-paying towns.

The Rutland High School Howe Center Campus serves 40 high school students in an off-campus alternative education and service-learning program designed to prevent students from dropping out of school. The RHS/RMS Allen Street Campus, located on Allen Street, serves approximately 40 students in grades 7-12 who have had difficulties in adapting to a traditional classroom and school environment. This is a model program, which combines academics, adventure-based learning, work and community service, and therapeutic services for students and their families in a way that better meets their needs, both in school and in the community.

We also offer an extensive co-curricular program for students from grade 3 through grade 12. In addition to a comprehensive athletics program, there is a wide range of clubs and activities that support student learning and development and keep our children active and safe in the after-school hours of each day. The Rutland City Fine Arts program is one of the finest in the nation, and has been recognized as such on two recent occasions. We invite citizens to attend the many music and theatrical performances of our students both in the schools and at the Paramount Theater, and to attend the various visual art displays around the community and at the Chaffee Art Gallery. In addition, the nationally recognized Tapestry Program serves over 600 children in after-school and summer programming offering extensive enrichment, tutorial, counseling, cultural and recreational opportunities.

The health and well being of our students is at the forefront of our thoughts. After all, a healthy student will achieve more academically than a student carrying a number of risk factors. The 2011 Vermont Youth Risk Behavior Survey contains information about the health and lifestyles of students around the

School Department

state and within the Rutland City Public School district. We monitor the data from this state-generated survey as well as local data to organize our health and wellness resources in support of students and families in Rutland. We are extremely proud of our ongoing relationships with community health and wellness agencies including Rutland Mental Health, Rutland County Head Start, the Department of Child and Family Services, the Rutland Regional Medical Center, and Rutland's Police and Fire Departments.

Each year in the state of Vermont schools are measured using the New England Comprehensive Assessment Program (NECAP). The NECAP was created in accordance with Federal Law as a one-time standards based test that all Vermont children in grades 3-8 and 11 must take. From the NECAP results the Vermont Department of Education creates a score to determine Adequate Yearly Progress (AYP) for each school. Schools must report their AYP standing to the public. The 2012 AYP decision for 2012 displayed that Rutland Middle School met AYP for all students and sub-groups in reading. The remainder of the AYP results was that Northeast, Northwest, Rutland Intermediate School, Rutland Middle School (math), and Rutland High School did not achieve the AYP objective. As a result of our AYP standing, all schools and the Rutland City Public School District are undertaking an improvement process provided by the Department of Education named Green Mountain Star. The result of the work will be a two-year improvement plan. The plan will be completed by June 2013.

Your school district continues to operate in a mode of continuous improvement with a focus on targeted professional development and student achievement. As a result, Rutland High School has been recognized nationally as a model Professional Learning Community (PLC). District-wide improvement is focused on six major initiatives: PLC development, Response to Intervention (RTI), Co-Teaching, data-based decision making, "brain based learning," and Positive Behavior Intervention Systems (PBIS), all of which are supported by cutting-edge technology. These areas are where RCPS is spending its resources to allow our schools to evolve on a path of continuous improvement for our students and the community we serve.

Our use of instructional technology has expanded greatly and we are using Smart Technology to improve teaching and learning, K-12. We use the AlertNow communication system for important school announcements and in school or community emergencies; this system has been very well received throughout the community. In addition, we implemented a student information system (SIS) called Infinite Campus, which allows us to coordinate all information relating to students and follow their progress over time. The Parent Portal of Infinite Campus allows detailed information about their children to be shared with parents. We urge parents to make use of this important tool.

Rutland City Public Schools strive to offer an outstanding learning experience at a reasonable per pupil cost to the city taxpayers. For this school year the district's per-pupil cost is 7% below the state average for all districts. It is important to note that our district ranks 62nd of the 62 school districts in Vermont in spending on school and district administration. In Rutland, we offer an outstanding educational opportunity for all of our children at a lower cost than the majority of the school districts in the state.

We look forward to continuing to work with you, our staff, and the students and families of Rutland City as we strive to provide the very best possible education for our community. "Every Student, Every Day!"

FY 2012 Annual Report

Office of the Treasurer
Wendy L. Wilton, Treasurer

wendyw@rutlandcity.com
802-773-1800 x-231

To The Honorable Board of Aldermen, Mayor and the Citizens of Rutland City:

I am pleased to report that the financial condition of the city is sound for the year ended June 30, 2012. Audited financial statements, if not included in this report at the time of printing, will be available on the city website—www.rutlandcity.com, under City Departments/Treasurer's Office/financial reports, or through our office as soon as they are completed. The audit is ahead of schedule and will be completed on a timely basis to meet state and federal compliance requirements.

Based on preliminary year end results it appears that the fund balance of the General Fund is will be slightly more than last year's \$3.8 million. Of this amount about \$2.6 million is unassigned, which provides the working capital needed to operate the City without the need to borrow short term funds, thus saving interest charges. There have been questions from citizens about the fund balance and if the City has "too much" money. Since 2009 as the tax rate is set by the Board of Aldermen, excess amounts have been refunded to the taxpayers through a reduction in the rate for the ensuing year to keep the unassigned fund balance at appropriate levels. For FY 2013 \$870,000 of the fund balance was allocated to reduce the tax rate. This process of reducing the unassigned fund balance ensures the city is not retaining excess funds.

The city's Government-wide net assets will increase again this year due to increases in fixed assets and a reduction in OPEB (Other Post-Employment Benefits). Increases in fixed assets are related to infrastructure improvements. The reduction in OPEB is a change in the long-term liability associated with health care coverage for city retirees. Due to the conversion to a high deductible health care plan, the city experienced reductions in this long term liability by about \$6 million in FY 2011 and in FY 2012 combined as the plan was fully implemented. The OPEB liability is \$9.5 million as of FY 2012.

The remaining significant financial issue for the city is unfunded liabilities associated with the pension plans, including both school and municipal employees. As of January 1, 2012 the unfunded liability for the pension is \$23,133,299 which represents a funded status of 72.02% for the pension as a whole. The unfunded liability for school employees is \$11,726,640 for 781 participants, including active and terminated employees and retirees. The unfunded liability for the municipal employees is \$11,406,660 for 274 participants. The funded status for the school and municipal portion of the pension is 76.52% and 65.17% respectively. Changes have been made by the school and its employees to reduce the prospective benefits and increase contributions as of FY 2011 and 2012 which has resulted in improvements in the funded status.

Treasurer's Office

The underfunded status of the pension prompted the Pension Board, which I chair, to address the governing boards about the need to improve the funding status in a letter dated March 26, 2012. The letter stressed the importance of achieving appropriate funding through negotiated changes, and, or additional employer funding, and outlined the pension board's expectations. A copy of this letter and the pension ordinance is available in our office.

I want to thank the staff in the treasurer's office for a job well done in accomplishing the unqualified audit opinion last year and for their ongoing work for the citizens of Rutland, and to the citizens themselves for their support of the Treasurer's Office.

Respectfully Submitted,

Wendy Wilton, Treasurer
City of Rutland

Property Tax Delinquencies

FY2011 City of Rutland Real and Personal Property Tax Delinquencies

By Owner, as of June 30, 2011, pursuant to 1 VSA Chapter 5, Subchapter 3

Persons listed are the owner(s) of record as of April 1 the year preceding the tax year as shown.

The City recognizes that transfers may have occurred subsequent to April 1 and that the taxes that subsequently became delinquent may not be the responsibility of the listed individuals.

Amounts shown are taxes only, exclusive of interest and penalties.

Expenses and Disbursements

The following is a list of payments made to vendors and individuals from the City of Rutland's General Fund. Payments of in excess of \$300 are listed below.

Many of the items are disbursement payments for which the City received funds from another source.

Please note that while payments are made from City accounts, many of those payments are actually "pass throughs" from the City to an outside vendor.

Company Name	Paid Amount	Company Name	Paid Amount
